Make this a Red Cross Christmas

The happiest, merriest Christmas the world ever knew is almost here. But in the rejoicings of peace and freedom there is one note of seriousness, that America must not forget—there is misery and distress and sickness in war-torn Europe. Relief must be given. The work of the Red Cross MUST go on. And to carry on, the Red Cross MUST have the support of your membership.

WHEN THE "BOYS COME HOME"

There is a lot of "gush" being written about what we should do for the "boys when they come home." Many a "cheap" writer and would-be statesman thinks that he can advance himself publicly by advocating something along this line, such as irrigating California's desert land and giving each returning soldier a farm, or something else equally as wild.

The truth of the matter is that for the returning disabled soldier, no matter how disabled he is, Uncle Sam should and will see that he lacks for nothing, and in this each of us should constitute himself a committee of one to aid in the work. But for the returning soldier who comes home whole in mind and body, this war and its training, whether in the camps or on the battlefields of Europe, will have made a different man of him. He will see life from a different angle. He will come home better prepared to take up his "white man's burden" than when he laid it down to take up the sword at the request of Uncle Sam. He will have new views and aims in life, and will not be satisfied until he has accomplished them.

If his inclinations favor a farm, let the government give him every chance to own one, for by so doing it adds to its own interests. But life on a desert claim will be no bed of roses, and will call for more than ordinary ability to make it successful.

"When the boys come home" they will come home sturdy and independent, asking favors from none, and while their plans and work may indeed have been changed by their months of life under the colors, yet their return to civil life will be made so quietly, yet certainly, that our business world will hardly realize it, and the boys themselves will need no special favors or partiality.

So give the returning boys all the

praise and honor that we can, and while nothing is too good for them, don't insult them with unneeded patronage.

WORLD PROHIBITION

The eyes of the world are upon America. America's contribution to all international programs will be widely noted with vital interest.

With the near approach of constitutional prohibition for the United States, and coincident with the close of the world war, November 11, 1918, believing the time ripe for an intensive campaign for world prohibition, Miss Anna Gordon, president of the National Woman's Christian Temperance Union, and one of the honorary secretaries of the World's W. C. T. U., rallied the forces of this great organization to renewed high endeavor by sending out from Evanston, Illinois, this stirring proclamation:

Proclamation for World Prohibition

World democracy, world peace, and world patriotism, demand world prohibition.

Representing the National Woman's Christian Temperance Union of the United States, a republic about to write prohibition in its constitutional law, we hereby call upon the peoples of all faiths and of all organizations in the world's family of nations, to clasp hands with the world's W. C. T. U. and to help bring to full fruition its hope and its heroic service of thirty-five years on behalf of a sober world. Science declares against alcohol. Health, conservation and business prosperity demand total abstinence and prohibition. Together let us agitate, educate, organize and legislate, until the exalted vision of the founder of the World's W. C. T. U., Frances E. Willard, is realized; until the Gospel of the Golden Rule of Christ is worked out in the customs of society and in the laws of every land.

At the close of the devastating world war, in the white heat of the limitless, unparalleled opportunities of a new internationalism, depending upon the help of God and of all who love humanity, we hereby proclaim, by the year 1925, the triumph of world prohibition.

Rest Cottage, Evanston, Illinois, U. S. A., November 11, 1918.

A copy will be sent free to those who will address a letter to Congressman Charles H. Randall at Washington, D. C.

NINETIETH ANNIVERSARY

At the birthday party Friday, December 6th, given in honor of the ninetieth anniversary of the birth of Mr. Charles Bock, of Vine Street, a very novel form of amusement was indulged in by a number of the older guests. This consisted of having each of the guests repeat the lines of his or first public speech. The spectacle of a man over three score and ten repeating the lines of "Twinkle, twinkle, Little Star," and "Had a Little Dog and his name was Rover," etc., with solemn mien and deep earnestness, proved a source of great merriment to all the guests. Mr. Bock, although rapidly nearing the century mark, is in good health and a keen observer of all the events of the day. He is the oldest member of N. P. Banks Post, G. A. R., and was a member of Co. K, 2nd Nebraska Cavalry, during the Civil War. The comrades and friends who joined Mr. Bock in this celebration were: Rev. J. H. Henry, Major John J. Weiler, Robert Taylor, George Sanford, John Sauer, W. D. Lathrop, I. J. Spafford, Mrs. Abbie Haskell, Mrs. Clara Livet, Mrs. E. C. Kiner, Mrs. J. C. Le Saulneer, Thos. Barrett, Rev. and Mrs. C. R. Norton, and Mr. and Mrs. A. W. Scudder.

At the election of officers Tuesday

night of Bartlett-Logan Post G. A. R., at Patriotic Hall in Los Angeles, R. C. Martin was elected commander for his fifth year. Commander Martin is a frequent visitor at the N. P. Banks meetings, and has many staunch friends in Glendale.

A very much enjoyed dinner party occurred Sunday at the Kepler home on West Garfield Avenue. The prettily appointed table, centered with a mound of autumn flowers and foliage, had covers laid for Mr. and Mrs. Frank Becket, of West Windsor Road, Glendale, Mr. and Mrs. C. A. Foeder, of Los Angeles, Leslie Kepler, and the host and hostess.

A letter was read from W. J. Button with regard to a small park for Glendale, and suggesting the grounds surrounding the library building as a suitable location.

Another letter, from O. W. Lewis, of the Automobile Club of Southern California, spoke of the establish-

ment of free camping grounds for tourists, and enclosing a copy of a letter from M. C. Zumwalt, of Tulare, telling of the remarkable success of the camping ground provided at that place. That city has found it profitable to install a camping ground provided with sanitary toilets, water piped to all parts of the grounds, electric lights, shower baths for both men and women, individual dining and cooking tables and a pavilion.

Such matters were discussed as participation in the Rose Tournament at Pasadena, a proposal from the U. S. Government to lease a few acres of land for experimentation with certain crops, and the bettering of the main thoroughfares entering Glendale and the installation of electric signs where these roads enter. Those present voted to take up the matter of the establishment of an auto parking ground as the first work to be taken up by the organization.

ANNUAL ELECTION OF OFFICERS

The annual election of officers for the Tropico Branch of the Red Cross was held, according to announcement, in the rooms in the City Hall building, Tuesday afternoon, with the result that all the old officers were re-elected with the exception of vice chairman, for which Mrs. Barnes was chosen. The list follows:

Chairman, Mrs. Bacon.

Vice Chairman, Mrs. Barnes.

Secretary, Mrs. Bullis.

Treasurer, Charles Cushing.

Purchasing Agent, Mrs. Bancroft.

Board of Directors, Mrs. S. E. Brown, Mrs. Paramore, Mrs. Hibben and Mrs. College.

The treasurer reported a balance to the credit of the society of \$936.00.

Although not generally known, this community was signally honored recently by a visit from no less a personage than Mr. John Pershing, who arrived in this country on the 22nd of November. Lest this visitor should be confused with his famous namesake, in France, it would be well to state that his full name is John Pershing Askeland, the three weeks old son of Mr. and Mrs. Jens Askeland, of Burbank. The husky youngster was born at the residence of Mrs. Ellen L. Early, on East Palmer Avenue, eleven days after the signing of the armistice, which latter event occurred at eleven o'clock of the eleventh day, in the eleventh month, so if there is any charm in numbers, John Pershing seems to have been born under a lucky combination.

PROCEEDINGS OF BOARD OF TRUSTEES

The Board met in regular session Thursday night, all members present except Trustee Jackson. The minutes of the last regular meeting were read and approved.

Mr. George D. Paine addressed the Board, submitting a written request that the Trustees call an election to determine whether it is the desire of the citizens of Glendale that the city shall continue to employ a City Manager. Mr. Paine spoke briefly in reference to the subject and in reply to him the President of the Board stated that an erroneous opinion seems to prevail among a portion of the citizens of Glendale to the effect that the question of the employment of a City Manager had at one time been submitted to the people. The chairman stated that this idea is without foundation, and that the matter had never been brought before the public in any way; that the proposed charter which was voted on and rejected in 1913 did not contain any provision for a City Manager and was objected to on other grounds. He stated further that the present Board inherited the Manager plan from its predecessors and retained it because in the opinion of the members of the Board it was desirable to do so. On motion of Trustee Henry, it was ordered that the petition be filed.

Mr. Norton C. Wells, President of the Greater Glendale Development Association, appeared before the Board and spoke of the importance of Glendale being represented at the forthcoming Tournament of Roses to be held at Pasadena on January first, 1919. Mr. Wells expressed the hope that the Board of Trustees would be able to furnish a sum of money and work in conjunction with the organization which he represented, to assure the City's being adequately represented on that occasion. The matter was discussed informally by the members of the Board and Mr. Wells, but no action was taken, the understanding being that the matter would be taken up at the next meeting of the Board.

A communication was received from Mr. F. S. Fell signed by certain prop-

erty owners and residents of Bena Way requesting that the name of that street be changed to Hillside Drive. On motion of Trustee Henry, it was ordered that the request be granted and the same be included in an ordinance being prepared changing names of certain streets.

A communication was read addressed to the tax collector from Lorenza Pelanconi, calling attention to the fact that certain property owned by him outside the limits of the City of Glendale, had been erroneously assessed by the City, protesting against such assessment and requesting that repayment be made to him of the excess so paid. The communication further expressed protest against the valuation of the writer's property, which he asserted is higher than the valuation placed upon the same by the County. In connection with this communication the City Tax Collector stated that as to the assessment Mr. Pelanconi's statement is correct as far as the extent of the acreage in the City of Glendale is concerned; the error being caused by the fact that the map used by the assessor did not clearly indicate the division of the property, thirty acres being included by the assessor in the City of Glendale which as a matter of fact is located outside of the City boundary. The communication was referred to the City Tax Collector.

A communication was read from Judge Erskine M. Ross, calling the attention of the Board to what the writer regarded as an unjust assessment of his property, which is taxed to the extent of \$2127.84 out of a total tax of the City amounting to \$90,601.54. The communication stated that the writer does not desire any favors on the part of the Trustees, but insists that in view of the services rendered by him to the City in times past, he should not be treated unjustly in this matter, and desiring to have his protest placed on file.

An application was received from Jane Collins Hinckley asking exemption from taxes under the law granting exemption to soldiers and soldiers' widows, her affidavit having been recently filed. On motion of Trustee Henry, it was ordered that the request for exemption be granted and that the affidavit be accepted as if filed within the strict limits of the

law, by the following roll call: Ayes, Henry, Muhleman, Shaw, Woodberry, Noes, none; Absent Jackson.

The City Clerk reported on the petition referred to him at the last meeting in regard to calling an election for the annexation of certain territory to the City of Glendale. The substance of the report being to the effect that it is legally sufficient. In this connection the Manager of the Public Service Department spoke of the probable expense of installing street lights and other public utilities in any territory proposed to be annexed, and a resolution offered by Trustee Shaw was adopted, to the effect that it is the opinion of the Board of Trustees that in the event of the annexation of the territory alluded to, the City of Glendale will not be able to extend the public utilities of the City or install street lights in such territory unless the citizens of the same shall bond their district for the expense.

The report of the Tax Collector for the week ending on this date was presented, showing collections since the last report was rendered a week ago, to the amount of \$13,9991.16, making a total collected to date amounting to \$49,961.35.

The City Manager called the attention of the Board to the fact that the hearing of the protests against the assessment for the opening and widening of Sycamore Canyon Road will come up at the next regular meeting on December 19, 1918. He made a report on the telephone bills presented to the Exemption Board, and on motion of Trustee Shaw it was ordered that the bills for telephone service presented to the Exemption Board, while the Board had its headquarters in the City Hall, be cancelled, by the following roll call: Ayes, Henry, Muhleman, Shaw, Woodberry; Noes, none; Absent, Jackson.

The Manager of the Public Service Department reported having been in attendance upon the Railroad Commission endeavoring to get action from that body in reference to the taking over by the City of the electric lighting system in Municipal District No. 2. He had asked for an early hearing in the case, but so far without any success.

(Continued on page 11)

On motion of Trustee Shaw it was ordered that when the Board adjourn it be to meet on December 13, 1918, at 7:30 p. m.

On motion of Trustee Shaw the City Attorney was instructed to present to the Board at the adjourned meeting, an ordinance preventing public assemblies during the prevalence of the influenza epidemic.

On motion of Trustee Shaw the City Attorney was instructed to prepare an ordinance instructing the City Health Officer to placard all places within which cases of influenza exist.

On motion of Trustee Muhleman the matter of conditions at Thornycroft Farm was referred to the Health Officer to investigate and report to the Board.

On motion of Trustee Shaw the Health Officer was authorized to have printed five hundred cards for use in placarding places where influenza exists, by the following roll call: Ayes, Henry, Muhleman, Shaw, Woodberry; Noes, none; Absent, Jackson.

On motion of Trustee Shaw it was ordered that a committee be appointed consisting of the City Manager, President of the Board and a member of the Board of Trustees to report on the matter of transformers for the Public Service Department. The Chairman appointed Trustee Shaw on this committee.

Adjourned.

APPRECIATION

December 12, 1907, I was appointed by the late Bishop Conaty, of Los Angeles, to "go to Glendale and hire a hall and organize a Catholic parish." We used the G. A. R. Hall for nine months until our little Church of the Holy Family was built. So I have been in Glendale eleven years today, eleven happy years.

I feel that my sincerest thanks are due to my many friends, those in the

church and those not of the church, for their many deeds of kindness to me in the past eleven years.

I love Glendale and I wish I were a poet with the ability adequately to express my thoughts as does my esteemed friend and gifted fellow townsman, Samuel Parker. But, as our old school friend Horace says: "Poeta nascitur, non fit," so I must content myself with saying: "I love you, California, and Glendale best of all." REV. JAMES S. O'NEILL, Pastor Holy Family Catholic Church. December 12, 1918.

AT THE PALACE GRAND

The feature at the Palace Grand today, you will remember, is Marguerite Clark in "Out of a Clear Sky," the story of the little Belgian princess who came to America when her country was overrun by the Huns. There are also the official British war films and a good comedy.

For tomorrow, Sunday, December 15, the management offers the latest production of the popular star, Harold Lockwood, entitled, "Pals First." On the same program will be a two-reel Mack Sennett comedy called, "Be-ware of Boarders." The matinee Marsh, will be seen here on Monday, in a tense and stirring drama, "All Woman." There will also be a good Lyons Moran comedy.

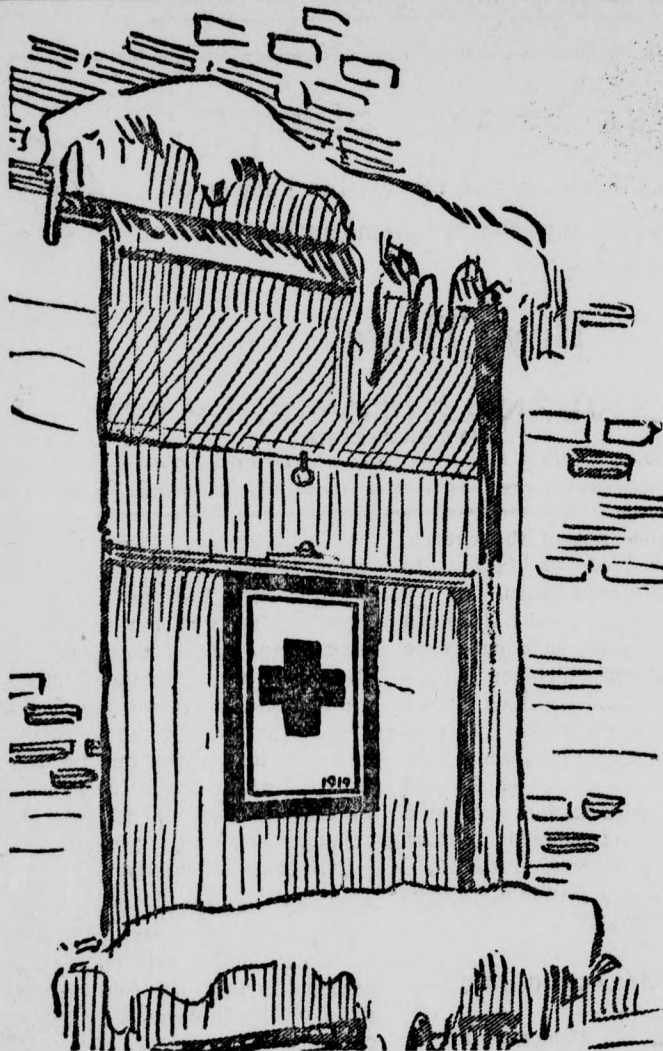

Never pose as a married couple until you have the ring and the license. That is the moral of "All Night," in which Carmel Myers appears on Tuesday, December 17th. He had to pose as her husband in order to win her for his wife. It's a good one. There will also be a good Christie comedy

"The Girl Who Came Back," featuring Ethel Clayton, is the chief attraction on Wednesday's program. The heroine was the daughter of a cracksman, reared from childhood to the life of a law breaker. The revolver was useful against enemies, but it was useless against the accents of devotion—which came on the voice of the man whose house she had entered by night through the window. At the same performance you can see a good Lyons Moran comedy.

Norma Talmadge's greatest triumph will be seen here next Thursday. It is called "The Forbidden City." She appears in the dual role of San San and Toy. It is described as the most exquisite Chinese story ever told. As always on Thursday, the official Allied War Review will be shown.

On Friday, December 20, a big double attraction will be presented, Baby Jane Lee and her sister, Katherine Lee in "Doing Their Bit," and also a great picture of the "Fourth of July Celebration in France." There will also be Burton Holmes pictures. This program is given under the auspices of the Parent-Teacher Association of the Columbus Avenue school, and two matinees will be given, the regular matinee at 2:30 and a special children's matinee beginning at 3:30.

For next Saturday a big Thomas H. Ince production is offered, with Charles Ray in "The Law of the North." This picture was filmed north of 53 degrees. It's a great picture, the story of a man who was a "man." On the same program will be a Smiling Bill Parsons comedy, called "Billie Sweetie," and also a Bray pictograph and cartoon comedy.

Fly your flag—

The work of the Red Cross *must* go on—it *will* go on, and you must make it possible.

This is Red Cross Week. It is the only opportunity you will have to join the Red Cross, for the year 1919, or to renew your old membership.

As soon as you join and get your flag, put it in the front window of your home—let all the world know you are a member of that great organization of humanity and that you are *proud* to belong.

Add a small Red Cross on your flag for each one of your family who is a 1919 member.

You get a button, too, when you join. **WEAR THAT ON YOUR COAT.**

Red Cross workers have definite instructions not to encourage any one to join more than once.

When you wear your button it lets those workers know you belong—then they won't ask you again.

Hoover Preparing New Food Saving Program

Cables America To Continue Con-
servation While He Arranges
For Distribution

Issued by U. S. Food Administration
for California

Herbert Hoover, who is now mak-
ing a survey of the food situation in
Europe, is preparing, in conference
with representatives of the Allied gov-
ernments, a program for the distribu-
tion of food to the famishing peoples
of the old world.

Cable information from Mr. Hoover
is to the effect that the people of the
liberated territories are daily and ur-
gently calling upon the United States
for food. Pending the preparation
of the complete world relief program,
ships carrying emergency cargoes are
now on their way across the ocean.
Food supplies carried by these first
shipments will go into southern Eu-
rope, where the food situation appears
most critical. The first vessel of the
relief fleet already has passed Gib-
raltar. The exact destination of this
food had not been decided when the
ship sailed, but it is probable that the
cargoes will be split up and sent to
the sections where the needs are most
pressing.

It is officially stated that the de-
mand for food during the winter and
spring will be great, and the Ameri-
can people are called upon by the
Food Administration to prepare to
meet the food appeal of the world.

As the regulatory measures of the
Food Administration are relaxed, the
necessity for voluntary co-operation
grows more acute. While the very
structure of European civilization is
rocking and nations are breaking into
fragments and dark anarchy menaces
the world, the great saving force is
food. America alone is in a position
to furnish in abundance the food

which will stabilize civilization and
carry millions of people through the
long winter.

Hoover makes a new and energetic
appeal to the Americans to hold
themselves in readiness to meet a
new and specified food saving pro-
gram. The exact details of that pro-
gram probably will be made public
within the next few weeks.

How Europe Will Be Fed

In answer to widespread inquiries
as to how food supplies are to be
obtained for Europe, Federal Food
Commissioner Ralph P. Merritt is-
sued the following:

With the release of shipping, food
supplies are to be obtained under
the direction of Mr. Hoover, in any
part of the world where surpluses
exist. The obtaining of surpluses of
wheat in Australia, India, and the
Argentine, of sugar in Java, of beef
in the United States, Australia and
Argentina, are purely commercial
undertakings. In other words, Mr.
Hoover will place orders in Australia,
Java, India and Argentina for any
foodstuffs for which shipping is avail-
able at the earliest possible moment.
In the United States, Mr. Hoover,
relying upon the spirit of the Ameri-
can people, is going to call for any
emergency needs which are not met by
other countries and for any surpluses
or any savings which may be counted
upon. The buying will be done
largely through the Grain Corpora-
tion and through the Division of Co-
ordination of Purchase of the Food
Administration. In brief, our people
are counted upon for a larger contri-
bution than originally estimated and
these stocks will be bought when-
ever needed, leaving for the American
people until next harvest an ample
supply, provided America continues
the use of her food assets with her
acquired habits of conservation.
